In the 1840s, love between a white English noblewoman and a Jamaican is taboo. Yet Lady Carmen finds herself with child by Jake Foster. Their mocha-skinned love child, Lilly, is banished to Savannah, longing to know her birth story. Soon Lilly falls prey to Baroness Genevieve, wearer of the mysterious Bloodstone Ring. The one person she counts on, Lady Katelyn, is powerless to save her. In a tale of betrayal, kidnapping, and harrowing illegal slave trade, nine-year-old Lilly runs for her life with life-changing adventures along the way. Can God equip Katelyn and her lawyer-beau, Andrew, to withstand the dark powers of the Bloodstone Ring and the brutal intent of the evil slave trading Dutchman? Or will Lilly's saviors arrive too late?

Switching seamlessly between the chaos and bloodshed of 1940s India and the multicultural mélange of twenty-first-century Britain, Glen Duncan's sublime new novel finds love in both. Ross Monroe is a boxing railwayman with a weakness for get-rich-quick schemes. Kate Lyle is a headstrong young woman desperate to escape a sexually predatory household. Both are Anglo-Indians, members of a race that helped turn the wheels of Empire for years. But Empire days are numbered, and as India sheds its colonial skin, the young lovers must face their own tryst with destiny. In twenty-first-century England, Owen Monroe is writing this story of his parents' lives in an effort to avoid the problems in his own: lost love, relentless libido, dreams of death, and a world full of headlines he can't understand and doesn't want to. But keeping past and present apart isn't as easy as it seems, and before long Owen is deep in the one story he never wanted to tell.... Epic in its scope yet never losing sight of the telling, gorgeous detail, The Bloodstone Papers is an extraordinarily rich and beautiful read that manages to ask the big questions without fuss and to accept that the big answers aren't always what we want to hear.
