A wizard's book of crafts and recipes includes instructions for making clothes, tools, potions, decorations, and games related to the realm of the wizard, and includes tales and legends of wizards of the past.

SHAZAAM! The 600-year-old Wizard is back--and he wants YOU to become his apprentice. So gather your bag of tricks and keep the magic going by learning an international array of show-stopping sleights of hand. Show off with The Card that Changes Its Spots; then change one thing into another; make objects fly, defy gravity, zip invisibly from one spot to another; and more!

The internationally acclaimed event producer shows his ideas and inspiration for ultimate and intimate celebrations What defines a truly great party? Most of all: generosity of spirit. In his first book, Bronson van Wyck, the man Vogue called 'The Wizard of Oz of New York party planning,' distills the essential pillars of the art of celebration into one volume, with examples drawn from his many successes - and, admittedly, a few entertaining failures. Lusciously illustrated with images from van Wyck's most spectacular events, this is the perfect primer on throwing parties that are as much fun to give as they are to attend.

Harry Potter and the Millennials tells the fascinating story of how the team designed the study and gathered results, explains what conclusions can and cannot be drawn, and reveals the challenges social scientists face in studying political science, sociology, and mass communication. Specifically, the evidence indicates that Harry Potter fans are more open to diversity and are more politically tolerant than nonfans; fans are also less authoritarian, less likely to support the use of deadly force or torture, more politically active, and more likely to have had a negative view of the Bush administration. Furthermore, these differences do not disappear when controlling for other important predictors of these perspectives, lending support to the argument that the series indeed had an independent effect on its audience. In this clear and cogent account, Gierzynski demonstrates how social scientists develop and design research questions and studies.

The instant New York Times and International Bestseller! In the first book of a new series by the bestselling author of How to Train Your Dragon, the warring worlds of Wizards and Warriors collide in a thrilling and enchanting adventure. Once there were Wizards, who were Magic, and Warriors, who were not. But Xar, son of the King of Wizards, can't cast a single spell. And Wish, daughter of the Warrior Queen, has a banned magical object of her own. When they collide in the wildwood, on the trail of a deadly witch, it's the start of a grand adventure that just might change the fabric of their worlds. With Cressida Cowell's trademark wit, and the same stunning combination of action, adventure, heart, humor, and incredible artwork that made How to Train Your Dragon a beloved bestselling franchise, The Wizards of Once will transport and enchant readers.

High school sophomore Rachel and her younger sister Miri, both witches, are introduced to a wider community of witches while grappling with the problem of whether or not to reveal their powers to their school friends, father, and step-mother.

The Wizard has conjured a follow-up to the wildly successful Book of Wizard Crafts and Book of Wizard Parties. Keep the wizardry going by learning more of his hints for show-stopping sleights of hand. Show off with The Card that Changes its Spots, do levitations and transfigurations, wear 'the cloak of mystery' and more. And remember, magic can happen anywhere, not just on stage.

The third book in this humorous and offbeat fantasy series, where magic is rarely perfect, heroes are rarely honorable, and you just might wake up in a body that's not your own! It has been a year since former thief Frank Blackthorne became Princess of Lendowyn and married a dragon. He's coming to terms with his new life, but during the royal anniversary banquet, an elven prince reads a scroll of evil magic and Frank's world is turned upside-down. Again. The scroll's spell causes a murderous rampage in a palace full of noble dignitaries, so it's no surprise Frank's visitors are angry. The Elf-King Timoras threatens war but Frank can't do anything about it: because of the same bit of scroll magic, the ex-Dragon Lucille has taken over the princess's body, unaware that Frank is still there, locked in her skull. And worst of all, the fate of everyone may soon rest on the shoulders of the man responsible for the whole mess, someone who should be safely dead...

Despicable Me meets Diary of a Wimpy Kid in this hilarious illustrated middle grade adventure that follows a hapless warlock-in-training as he struggles to live up to his great and terrible destiny. Meet Wick. He's the son of the Dark Lord, heir to the throne of black and broken glass, and next in line to be the leader of the Grim World. Too bad he's stuck in Remedial Spell Casting (he can barely even cast the fart-revealer spell), he's allergic to fire and brimstone, and the bullies at school insist on calling him Dork Lord. Full of humor, hijinks, and lively illustrations, Confessions of a Dork Lord follows Wick through the pages of his journal as he comes up with a genius plan to defeat his foes, achieve greatness . . . and survive Middle Ages School. "I loved every page, and your kid will too!" --Melissa de la Cruz, bestselling author of the Descendants series "It's not easy being bad. But this book will give you a head start." --Pseudonymous Bosch, bestselling author of the Secret series "Hilarious! Not to be missed!" --Eoin Colfer, bestselling author of the Artemis Fowl series
