The Survivors Guide to Family Happiness by Maddie Dawson is not the book I thought it was. I thought this book about a woman's search for her birth mother was going to be a light, pleasurable read about women I might recognize from the my own life.I bought it to be my distraction on a plane ride and subsequent beach vacation.

Thornton brings more than a decade of experience in human resources and financial education to an extremely emotional issue--that of what a person needs to know when someone close to them dies.

Focusing on developing practical R skills rather than teaching pure statistics, Dr. Kurt Taylor Gaubatz's A Survivor's Guide to R provides a gentle yet thorough introduction to R. The book is structured around critical R tasks, and focuses on applied knowledge, rather than abstract concepts. Gaubatz's easy-to-read approach helps students with little or no background in statistics or programming to develop real-world R skills through straightforward coverage of R objects and functions. Focusing on real-world data, the challenges of dataset construction, and the use of R's powerful graphing tools, the guide is written in an accessible, sympathetic, even humorous style that ensures students acquire functional R skills they can use in their own projects and carry into their work beyond the classroom.

Is your baby unsettled, fussy and crying for hours? When your baby won't stop crying you need practical answers FAST. If you've been told that "colic does not exist" or "there's nothing you can do" or if an expert has told you that there's only ONE way to 'fix' colic and that didn't work for your baby, this is the book for you. In this sanity-saving book, Jen Lester brings together all the information that parents need to help their baby stop screaming. Cutting through all the confusion, misinformation and product sales pitches, Jen brings clarity to the colic debate for the first time. With 5 star rave recommendations from readers and critics alike, including: ★★★★★ "A no-nonsense, but unassuming masterpiece when it comes to helping you survive one of the most difficult issues that can arise with that sweet little bundle of joy that has suddenly turned into a wailing demon... Using her own experience as well as a mountain of medical research, Jen has truly dedicated herself to helping others get through the frustration of this most difficult time... Survivor's Guide to Colic is not only essential reading for expecting and new parents, but mandatory." Bil Howard for Readers' Favorite ★★★★★ "A must-read for parents dealing with colicky babies" Mamta Madhavan for Readers' Favorite ★★★★★ "Reading this book gives you the feeling of a mother talking to another mother; it has that easy personal touch" Faridah Nassози for Readers' Favorite Survivor's Guide to Colic clearly explains the main theories about the causes of colic and covers your options to prevent or reduce colic. For each option, Jen clearly explains: - who thinks it works and why; - who disagrees and why; - any medical evidence to back up each viewpoint; and - her own conclusion after reading the latest medical research and going through it herself. This will empower you as parents, to find the right solution/s for your family. This comprehensive book includes baby whisperer settling secrets that you can use right now to help your settle your baby. It explains the key settling elements, as well as advanced techniques that are particularly effective when dealing with hard to settle colicky babies. Jen explains what colic is and why there is so much argument about what causes it and how to treat it. Survivor's Guide to Colic gives you the lowdown on a range of issues that parents of colicky babies often wonder about including burping, baby massage, lactose intolerance and other food allergies, reflux, changing formulas, probiotics, herbal remedies, gripe water, lactase drops, overstimulation, constipation, swaddling, white noise and other calming sounds etc. Easy to read for new, sleep-deprived parents.

Buying a home is a complex process that involves a delicate balance of financial, emotional, and practical factors. This essential resource helps readers come out on top, revealing the best strategies for finding and buying a new home -- while saving money every step of the way. Whether looking for a house, condo, co-op, or manufactured home, readers will learn how to: * Hire the right agent * determine financial limits * develop relationships with banks and other potential lenders * evaluate communities * get prequalified or preapproved for a mortgage * negotiate the best price and terms * and more. There's also a checklist of the 15 costliest mistakes homebuyers make -- and how to avoid every one of them -- plus crucial information on how to sell a home. Owning a home is the American dream, but achieving it can be a nightmarish experience. With this vital information and great strategies, readers will not only find their dream home faster, they will do everything right to move in quickly and confidently!"

Designed for adolescent survivors of sexual abuse who are in group or individual counselling and written in a style appropriate for this age group, this excellent resource provides information on how survivors may have been affected by abuse. The Survivor's Guide will also be valuable to counsellors, psychotherapists and others helping survivors. The author helps readers to stop blaming themselves and to let go of the image that survivors often have of themselves of being in some way 'bad' and therefore deserving of the abuse. Case histories are included throughout to illustrate concepts introduced by the author. Lee also provides a 'language' that enables survivors to better communicate their experiences and feeling

Following on from 'Making Sense of Leasehold Property', this book answers with clear, simple tools and tips the questions being asked by growing numbers of flat leaseholders, 'Should we buy our building freehold, and if so, how much will it cost, how do we do it and what are the pitfalls to avoid?

With the style and irreverence of Vice magazine and the critique of the corporatocracy that made Naomi Klein's No Logo a global hit, the cult magazine Stay Free!—long considered the Adbusters of the United States—is finally offering a compendium of new and previously published material on the impact of consumer culture on our lives. The book questions, in the broadest sense, what happens to human beings when their brains are constantly assaulted by advertising and corporate messages. Most people assert that advertising is easily ignored and doesn't have any effect on them or their decision making, but Ad Nauseam shows that consumer pop culture does take its toll. In an engaging, accessible, and graphically appealing style, Carrie McLaren and Jason Torchinsky (as well as contributors such as David Cross, The Onion's Joe Garden, The New York Times's Julie Sclfo, and others) discuss everything from why the TV program CSI affects jury selection, to the methods by which market researchers stalk shoppers, to how advertising strategy is like dog training. The result is an entertaining and eye-opening account of the many ways consumer culture continues to pervade and transform American life.

Finance is the universal language of business! A Survivor's Guide to Finance makes financial decision-making clear and concise to managers of all levels. Users with no formal training in accounting or finance will find this book as a solid source of financial understanding.

Just when you thought you'd read every book on making it in show business, along comes A Survivor's Guide to Hollywood. A funny yet practical guide to handling the day to day challenges faced by actors in particular and everyone else in general. This book will change the way you view your life and career. Filled with, intelligent, instructive, rewarding information and written by an acclaimed, working actor these stories from the trenches will give you a new and unique perspective on how to recognize your daily accomplishments and celebrate your life.
