The True Believer: Thoughts On The Nature Of Mass Movements is a non-fiction book authored by American philosopher Eric Hoffer. Published in 1951, it depicts a variety of arguments in terms of applied world history and social psychology to explain why mass movements arise to challenge the status quo. Hoffer discusses the sense of individual identity and the holding to particular ideals that can lead to fanaticism among both leaders and followers. Hoffer initially attempts to explain the motives

~~The True Believer: Thoughts on the Nature of Mass ...~~

The True Believer: Thoughts on the Nature of Mass Movements by Eric Hoffer is a political philosophy classic from 1951. It has lost absolutely nothing to age. In Walden Henry David Thoreau wrote, "The mass of men lead lives of quiet desperation." This could easily be seen as Hoffer's starting point.

Eric Hoffer's *The True Believer: Thoughts on the Nature of Mass Movements* is one of the most widely read works of social psychology written in the 20th-century. It exemplifies the powers of creative thinking and critical analysis at their best, providing an insight into two crucial elements of critical thinking. Hoffer is likely to go down in history as one of America's great creative thinkers - a writer not bound by standard frameworks of thinking or academic conventions, willing to beat his own path in framing the best possible answers to the questions he investigated. An impoverished, largely unschooled manual laborer who had survived the worst effects of the Great Depression in the United States, Hoffer was a passionate autodidact whose philosophical and psychological education came from omnivorous reading. Working without the help of any mentors, he forged the fearsomely creative and individual approach to problems demonstrated in *The True Believer*. The book, which earned him his reputation, examines the different phenomena of fanaticism - religious or political - and applies Hoffer's analytical skills to reveal that, deep down, all 'true believers' display the same needs and tendencies, whatever their final choice of belief. Incisive and persuasive, it remains a classic.

The definitive, revelatory biography of Marvel Comics icon Stan Lee, a writer and entrepreneur who reshaped global pop culture—at a steep personal cost “A biography that reads like a thriller or a whodunit . . . scrupulously honest, deeply damning, and sometimes even heartbreaking.” —Neil Gaiman Stan Lee was one of the most famous and beloved entertainers to emerge from the twentieth century. He served as head editor of Marvel Comics for three decades and, in that time, became known as the creator of more pieces of internationally recognizable intellectual property than nearly anyone: Spider-Man, the Avengers, the X-Men, Black Panther, the Incredible Hulk . . . the list goes on. His carnival-barker marketing prowess helped save the comic-book industry and superhero fiction. His cameos in Marvel movies have charmed billions. When he died in 2018, grief poured in from around the world, further cementing his legacy. But what if Stan Lee wasn’t who he said he was? To craft the definitive biography of Lee, Abraham Riesman conducted more than 150 interviews and investigated thousands of pages of private documents, turning up never-before-published revelations about Lee’s life and work. *True Believer* tackles tough questions: Did Lee actually create the characters he gained fame for creating? Was he complicit in millions of dollars’ worth of fraud in his post-Marvel life? Which members of the cavalcade of grifters who surrounded him were most responsible for the misery of his final days? And, above all, what drove this man to achieve so much yet always boast of more?

INSTANT BESTSELLER “Jack Carr and his alter-ego protagonist, James Reece, continue to blow me away.” —Mark Greaney, #1 New York Times bestselling author of *Mission Critical* In acclaimed author Jack Carr’s follow-up to *The Terminal List*, former Navy SEAL James Reece’s skill, cunning, and heroism put the US government back in his debt and set him on another path of revenge. When a string of horrific terrorist attacks plagues the Western world during the holiday season, the broader markets fall into a tailspin. The attacks are being coordinated by a shadowy former Iraqi commando who has disappeared into Europe’s underground. The United States government has an asset who can turn the Iraqi against his masters: James Reece, the most-wanted domestic terrorist alive. After avenging the deaths of his family and team members, Reece emerges deep in the wilds of Mozambique, protected by the family of his estranged best friend and former SEAL Team member. When a series of events uncovers his whereabouts, the CIA recruits him, using a Presidential pardon for Reece and immunity for the friends who helped him in his mission of vengeance. Now a reluctant tool of the United States government, Reece travels the globe, targeting terrorist leaders, unraveling a geopolitical conspiracy that exposes a traitorous CIA officer, and uncovering a sinister assassination plot with

worldwide repercussions. A high-intensity roller-coaster race against time, True Believer is "one of this year's hottest thrillers, and a perfect fit for fans of Vince Flynn, Brad Thor, and Daniel Silva" (The Real Book Spy).

Part love story and part ghost story, this is an unforgettable New York Times bestseller about a science journalist and a North Carolina librarian who dare to believe in the impossible. As a science journalist with a regular column in Scientific American, Jeremy Marsh specializes in debunking the supernatural-until he falls in love with the granddaughter of the town psychic. When Jeremy receives a letter from Boone Creek, North Carolina, about ghostly lights appearing in a cemetery, he can't resist driving down to investigate. Here, in this tightly knit community, Lexie Darnell runs the town's library. Disappointed by past relationships, she is sure of one thing: her future is in Boone Creek, close to all the people she loves. From the moment Jeremy sets eyes on Lexie, he is intrigued. And Lexie, while hesitating to trust this outsider, finds herself thinking of him more than she cares to admit. Now, if they are to be together, Jeremy must do something he's never done before-take a giant leap of faith. From #1 New York Times bestselling author Nicholas Sparks comes a love story about taking chances and following your heart. True Believer will make you believe in the miracle of love.

Drawn from Eric Hoffer's private papers as well as interviews with those who knew him, this detailed biography paints a picture of a truly original American thinker and writer. Author Tom Bethell interviewed Hoffer in the years just before his death, and his meticulous accounts of those meetings offer new insights into the man known as the "Longshoreman Philosopher."

This book transports the reader to a turbulent era in which fascism and Communism are on the rise and America retreats from the world. Noel Field joined the secret underground of the international Communist movement during a time of national collapse, when Communism promised the righting of all social and political wrongs. Many in Field's generation were seduced by its siren song, but none paid a higher price for his betrayal of his country and his family than Field. With a reporter's eye and a historian's grasp of the cataclysmic events of the twentieth century, Kati Marton captures Field's futile and tragic quest for a life of meaning, which caused his and his family's near destruction. Marton gained access to previously unavailable Soviet secret police records, reporting on figures from Alger Hiss, CIA Director Allen Dulles, and "Wild Bill" Donovan to Josef Stalin. She also had access to Field family correspondence, which offers an intimate portrait of the human drama. The story of an idealistic young American captured by a poisonous belief and manipulated by demagogues, True Believer is a book for our troubled time.--From dust jacket.
