Limpy's determined to find this place if it takes him the rest of his life, but his plans are waylaid when he's kidnapped by some sinister-looking humans and tossed into a bucket. Will Limpy be able to save cane toads? Will he be able to find toad heaven? First he has to get out of the bucket. . . .

In jaw-dropping photos, Doug Wechsler captures the life cycle of the American toad from egg to tadpole to adult. To get these images, Wechsler sat in a pond swearing waders, went out night after night in search of toads, and cut his own glass to make a home aquarium. The resulting photos reveal metamorphosis in extreme close-up as readers have never seen it before. Budding naturalists will be transfixed by this unprecedented peek into the secrets of tadpole transformation.
