Teach and practice important phonemic awareness and emergent reading skills with the help of these simple puppet patterns! Includes patterns to make paperbag puppets for each letter of the alphabet in addition to several blends and digraphs. Young children love making these creative, cute puppets and learning each letter's distinctive sound. With the use of puppets, children will be motivated to practice phonemic skills both at school and home. For use with Grades PreK-1.

Based on popular essays in New York Times' Modern Love and Salon, as well as an Off-Broadway one-person play, The Pleasure Plan is a sexual healing odyssey, a manifesto for women to claim pleasure as a priority, and a love story all at once. Fifty percent of adult women have some form of sexual dysfunction at some point of their lives, preventing them from enjoying vibrant, soul-satisfying sex. Such was the case with Laura Zam, who suffered the blame, shame, and embarrassment of feeling bedroom broken. For her, delving between the sheets meant physical pain, zero desire, and emotional scars from being molested in her early years. However, in her late forties, after meeting and marrying the love of her life, Zam was determined to finally fix her sensual self. This is her brave and bawdy plan to triage her flaccid romantic life, stepping into a void where intimacy, self-love, and playfulness could be experienced--the full monty of Eros that had been missing from her existence. The Pleasure Plan is what happened when she decided to challenge her hopelessness. In partnership with her initially reluctant husband, she visited 15 healers and tried 30 pleasure-enhancing methods: from dilators and dildos, to hypnosis and hosting a sex brunch, to cleansing chakras, to making love to her husband in front of a geriatric Tantric goddess. Packed with humor, heart, and a healthy dose of prescriptive advice, this book chronicles Zam's insight as she confronts many issues--from mismatched libidos to female erection enlightenment. Throughout this journey, she and her husband grow as individuals and as a couple, both in and out of the bedroom. Fearlessly honest and full of inspiration, Zam peels back the layers--or covers--and exposes her foibles, insecurities, and eventual wisdom as she excavates past traumas, accepts and embraces her worth, and claims her right to be completely alive. Today, Laura works as a sexuality educator, wellness coach, and speaker helping other women who suffer from sexual dysfunction, the effects of trauma, or those who would simply like more pleasure (of all kinds) in their lives. She also consults with health care providers so they may better assist their clients in achieving sexual well-being. While The Pleasure Plan is Zam's personal narrative, it demystifies pervasive taboos, encouraging women to make pleasure a priority, while teaching them how to claim (or reclaim) the power of their sexual selves. It also shows men how they can support their partners in this #Metoo era. Healthy, sultry intimacy is a right; it is time for women to learn--through glorious trial and error--how to embrace the sensual side of themselves. . . . exuberantly and unabashedly.

The Wish is a short, sharp, chilling story from Roald Dahl, the master of the shocking tale In The Wish, Roald Dahl, one of the world's favourite authors, tells a sinister story about the darker side of human nature. Here, an imaginative boy plays a game that quickly gets out of hand . . . The Wish is taken from the short story collection Someone Like You, which includes seventeen other devious and shocking stories, featuring the wife who serves a dish that baffles the police; a curious machine that reveals the horrifying truth about plants; the man waiting to be bitten by the venomous snake asleep on his stomach; and others. 'The absolute master of the twist in the tale.' (Observer) This story is also available as a Penguin digital audio download read by the sublime Stephen Mangan. Roald Dahl, the brilliant and worldwide acclaimed author of Charlie and the Chocolate Factory, James and the Giant Peach, Matilda, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, Roald Dahl's Twisted Tales by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.

Beyer on Speed shows the way, explaining how to relate the numbers to such factors as pace, track bias, and track conditions. It reveals optimal uses of the figures based on computer analysis of more than 10,000 races. Beyer on Speed presents a revolutionary way to play the horses and win. Blending colorful anecdotes with incisive instruction, this is a landmark book by a master handicapper.

Patrons increasingly expect access to their libraries anywhere, anytime. This Special Report provides practical guidance in how librarians can put the library in the palms of their patrons' hands. Using the HTML skills that many librarians already have along with flexible development tools, technology expert La Counte shows how creating a customized mobile app doesn't need to be expensive or require deep expertise. In straightforward, practical terms he Demonstrates how to establish a presence on the mobile web with mobile websites and phone apps Details open-source development tools such as PhoneGap that allow for the creation of mobile apps that work on a variety of mobile operating systems, with emphasis on the iPhone Discusses methods for assessing a library's user base and getting buy-in from administrators Following the pointers in this Special Report, libraries can easily go wherever their patrons do!

Based upon a true story, U.S. Customs: Badge of Dishonor demonstrates one of our country's largest, most powerful federal agencies, out of control at the taxpayer's expense. All Americans should read this book and worry. If the government is capable of doing this to their own federal agents, just imagine what can happen to the average citizen attempting to enter the borders of this country. "Terrorism could strike the heart of America through our rail system at any time-and our own government has assisted in laying the track. The only way you'll ever know the terrible truth is to read U.S. Customs: Badge of Dishonor. Darlene Catalan's gutsy first-hand account of corruption and abuse within the US Customs Service reveals why America has fallen victim to the evil of drug cartels and terrorist networks. Catalan and her fellow former agents are courageous heroes and have risked much to bring you the truth. After you read the book, I'm sure you'll agree it's time to demand an official investigation of the Customs Service--so be sure and buy an extra copy for your Congressman!" -Rebecca Hagelin, columnist, WorldNetDaily.com "Read this book! U.S. Customs: Badge of Dishonor will frighten, anger, and then energize you to action! No honest federal agent should ever have to put up with colossal incompetence and abuse from federal "management." Add high-level corruption, and you have a truly dangerous mix. What are Washington-based US Customs managers doing to earn their salaries? Send help quick to the border states, or risk out of control drug trafficking and tomorrow's terrorist's attack vehicles--the uninspected pressurized railcar!" -Gary Aldrich, former FBI agent and author of Unlimited Access
