 Argues that the death of Princess Diana was not accidental, examining events and circumstances surrounding the car accident and the subsequent investigation. Reissue.

 This explosive book blows the lid on one of the most shocking crimes of our modern era. But it does more than that. How They Murdered Princess Diana is the most complete evidence-based account of the assassination of Princess Diana yet written. It delivers on providing answers to many of the key questions surrounding the 1997 Paris crash that took the lives of Diana and her lover Dodi Fayed - Who did it? Why was Diana assassinated? How was it carried out? It also exposes the massive inter-governmental cover-up that has taken place throughout the 17 years since the deaths. This book takes the reader through the entire story - right from the breakdown of the Diana-Charles marriage through to the 2013 sham police "sweeping" of allegations of SAS involvement made by Soldier N. It covers the critical events that took place in Paris on the last day of Diana and Dodi's lives. It reveals that the crash in the tunnel was orchestrated by MI6 on the orders of senior British royals. Princess Diana survived the crash but was effectively murdered by deliberate mistreatment in the ambulance by people who were supposed to be saving her. The individuals involved in the murders are exposed - it is revealed that Sheharat Cowper-Coles, former UK ambassador to Saudi Arabia, headed the MI6 operation on the ground in Paris. The roles of other operatives in this highly coordinated assassination are addressed in detail. This is the first book to cover the complete story in such chilling detail - a true account using the witnesses own words that at times will leave the reader shocked, aghast and breathless. How They Murdered Princess Diana shows that the 2007-8 London inquest into the death - headed by Lord Justice Scott Baker - was one of the most inept and corrupt inquests in the history of the British judicial system. It also exposes the 2004-6 Scotland Yard Paget investigation as a huge farce that was more dedicated to covering up the facts of what occurred than to uncovering truth. The perpetrators never thought anyone would or could ever do a full investigation piecing it all together - but this is exactly what John Morgan has done. As a result of nine years of investigative research he has produced the definitive work on the Paris assassination - the uncensored record of what occurred, how it was done and who did it. Eminent QC Michael Mansfield -who served throughout the six months of the London inquest - has said: 'I have no doubt that the volumes written by John Morgan will come to be regarded as the 'Magnum Opus' on the crash.' How They Murdered Princess Diana is the long-awaited abridgement of the six volumes of the highly-acclaimed Diana Inquest series. It documents the shocking truth - the shameful account of the state-sponsored assassination of Britain and the world's most loved princess, Diana Princess of Wales.
